

Mega Off

Graffiti Remover

The unique gel characteristics of **MEGA OFF** allow it to stay in place to clean vertical and irregular surfaces. This product is a heavy duty-solvent based cleaner which will remove most graffiti markings such as ink, paint, crayon, scuff marks, and even marking pens from vinyl seats, without damaging surfaces. It can be used on aluminum, steel, glass, concrete, porcelain, brass, chrome, marble, and brick. Also removes tape residue, glue, tree sap and other adhesives. **MEGA OFF** is safe on most plastics and lexan.

Directions: On smooth surfaces, spray area to be cleaned, and allow product to react with markings. Wipe away. Use a coat of Omega's **PROTECT-IT** to prevent any new markings from adhering to the surface. On rough surfaces, spray **MEGA OFF** directly on surface and use brush to remove markings. Wipe hands clean with **MUSCLEMAN** waterless hand towels for easy, waterless cleanup.
